# Acme Corp - Q3 2026 Quarterly Report

Prepared by Dana Whitfield, Chief Financial Officer
Published October 2, 2026

## Executive summary

Q3 2026 was Acme's strongest quarter to date. Revenue reached $4.20M, up from $3.56M in Q2. Gross margin improved from 61% to 64% as cloud hosting costs fell after the infrastructure migration completed in July.

The Acme mobile app launched on August 14, 2026 and reached 25,000 users within six weeks. Headcount grew from 32 to 41 employees. We remain on track for the full-year plan.

Key numbers and the full financial table are on the following page. Product metrics, outlook and deadlines follow after that.

## Financial results

All figures in USD. Unaudited.

| Metric | Q1 2026 | Q2 2026 | Q3 2026 |
|---|---|---|---|
| Revenue | $3.10M | $3.56M | $4.20M |
| Gross margin | 58% | 61% | 64% |
| Operating expenses | $1.62M | $1.71M | $1.88M |
| Net income | $0.18M | $0.46M | $0.81M |
| Cash on hand | $5.40M | $5.75M | $6.32M |

Operating expenses rose mainly because of the nine new hires and the mobile launch campaign, which cost $140,000. Net income nearly doubled quarter over quarter.

Revenue by segment in Q3 2026: Enterprise $2.73M, SMB $1.05M, Mobile subscriptions $0.42M.

## Product & customers
